Charles E. Coffin,

REAL ESTATE, MORTGAGE LOANS,

FIRE INSURANCE,

No. 34 North Delaware Street,

INDIANAPOLIS.

Have constantly on hand, for sale or trade, a large list of houses and lots, building lots, farms and lands.

Mortgage loans negotiated and Fire Insurance written at the lowest rates. Agent for the "Old and Tried" GLENS FALLS and other first-class fire insurance companies.

Particular attention given to the collection of rents, payment of taxes and care of city property and farms.

Refer to the banks and business men generally of Indianapolis.

Following is an extract from annual report of "Merchants' Exchange" on the Industries of Indianapolis:

"No business is of more importance than the Real Estate Agencies. A great portion of the property of a city is intrusted to these agents, either for selling, mortgaging or renting. In pursuance of this business, they necessarily influence the value of realty, fixing the selling or renting prices, and, while doing this, their assistance is invaluable, lifting the trouble and annoyance attending those matters from the minds of the owners, and relieving them from much petty care. It is a business requiring energy, industry and sound principles. One of the most successful agencies in this city is that of Mr. Charles E. Coffin. He started in this business with Messrs. Wiley & Martin in January, 1867, and continued with them six years, since which time he has been in business alone. He employs seven assistants, and Mr. C. E. Holloway is his efficient book-keeper and manager of the rental department. Mr. Coffin was born in this State July 13, 1849. He possesses all the qualifications necessary for making him a valuable man in the business —activity, prudence, good judgment and keen business tact. The dual relation sustained in this agency between both the owner, lessor or mortgagor and the buyer, tenant and mortgagee, calls for the best of business talent and for the most courteous and affable manners, as well as the strictest integrity. The success of Mr. Coffin fully attests his popularity and established reputation for integrity. Close attention to business, upright and honorable dealing has placed him on a solid basis, and he is a genial, courteous gentleman of irreproachable reputation."

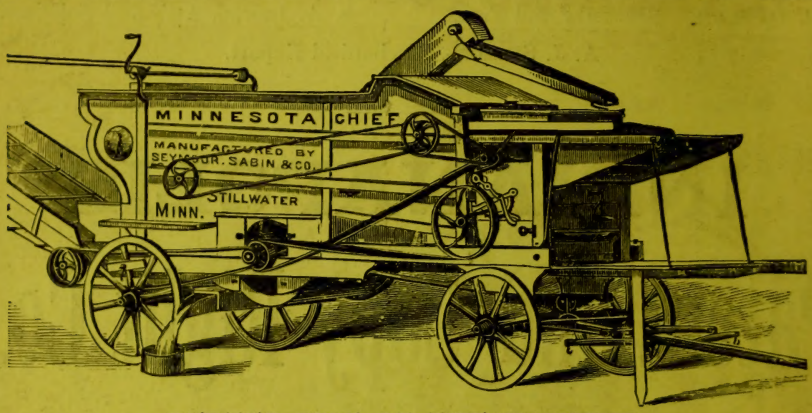
MINNESOTA CHIEF SEPARATOR!



BELTED SIDE OF THE MACHINE.

ONLY FOUR DRIVING BELTS ON THE SEPARATOR, VIZ:

One main belt, running from the Cylinder and driving the Fan; one small belt driving the only Beater in the machine; one belt driving the Grain Rake and one belt driving the Straw Carrier.

It is neither a Vibrator nor an Apron Machine, but far surpasses either in all the essential requisites of a Perfect Thresher.

It is easy of management, light running, capable of very rapid threshing, as the Separating Table and Sieves will take care of all that can be passed the Cylinder.

In separating and cleaning it excels all others.

It threshes everything a farmer has to thresh—Wheat, Rye, Oats, Barley, Flax, Timothy, Millet, Clover and Peas. It handles Flax and Timothy nearly as rapidly as grain, requiring no change of parts, sieves, and cleans them fit for market. With its Clover Attachment it threshes Clover fully equal to any Huller.

It is by far the most popular Separator in the market, outselling all others wherever known. It invariably secures the most and best jobs of threshing.

COMPILED AND PUBLISHED BY R. L. POLK & CO.
CARLON & HOLLENBECK, PRINTERS AND BINDERS.
1882.

Entered according to an act of Congress in the year 1882 by R. L. Polk & Co., in the office of the Librarian of Congress, at Washington, D. C,

INTRODUCTORY.

The Publishers, in presenting this, the twenty-seventh volume of the Indianapolis City Directory, note with pleasure the increase in the population of the city. The present issue contains 36,849 names, as against 33,121 names in 1881 (including Irvington, Brightwood, North Indianapolis, Belmont, Mount Jackson and Haughsville), showing an increase over last year of 3,728, which at the usual ratio shows a gain of over 9,000, representing a marked advancement in the growth of the city, which may be attributed to the location of the numerous and extensive manufacturing establishments during the year 1881.

The importance of an accurate City Directory cannot be over-estimated, and the Publishers feel confident that nothing has been omitted on their part in the compilation of this issue to make it perfect in systematic arrangement and absolutely correct in point of general information, and that it will be found remarkably free from errors.

Each subscriber is presented with an official map of the city, which contains a complete Street Directory, so arranged that any given street may be found without a search of the entire map.

Thanks are due to the citizens for their support and co-operation, and we trust that the work will meet with general favor at the hands of the public.

RATES OF POSTAGE ON FIRST-CLASS MATTER.

On letters, sealed packages, mail matter wholly or partly in writing, except book manuscripts and corrected proofs passing between authors and publishers, and except local or drop letters, or United States postal cards; all printed matter so marked as to convey any other or further information than is conveyed by the original print, except the correction of mere typographical errors; all matter otherwise chargeable with letter postage, but which is so wrapped or secured that it can not be conveniently examined by postmasters without destroying the wrapper or envelope; all packages containing matter not in itself chargeable with letter postage, but in which is enclosed or concealed any letter, memorandum, or other thing chargeable with letter postage, or upon which is any writing or memorandum; all matter to which no specific rate of postage is assigned; and manuscript for publication in newspapers, magazines or periodicals, three cents for each half ounce or fraction thereof.

On local or drop letters, at offices where free delivery by carriers is established, two cents for each half ounce or fraction thereof.

RATES OF POSTAGE ON SECOND-CLASS MATTER.

The following articles are mailable at the rate of two cents for each pound or fraction thereof: Newspapers, magazines and periodicals, exclusively in print, and regularly issued at stated periods from a known office of publication, without addition by writing, mark or sign, and addressed to regular subscribers.

A regular subscriber is a person who has actually paid, or undertaken to pay, subscription price for a newspaper, magazine or other periodical, or for whom such payment has been made, or undertaken to be made, by some other person. But in the latter case, such payment must have been made, or undertaken with the previous consent, or at the previous request of the person to whom such newspaper, magazine or periodical is sent. A person to whom any such publication is sent, without his consent or request, is not a "regular subscriber" within the meaning of the law, and if there be no evidence of prepayment on the package, double transit rates of postage must be rated up and collected on delivery.

THIRD-CLASS MATTER.

The following articles are mailable at the rate of one cent for every two ounces or fractional part thereof:

Pamphlets, occasional publications, transient newspapers, magazines, books, periodicals, hand-bills, posters, sheet music (printed), prospectuses, maps, proof-sheets, regular publications designed primarily for advertising purposes or free circulation, at nominal rates, and corrected proof-sheets. All matter of the third class, not enumerated above, is one cent for each ounce or fraction thereof.

FOURTH-CLASS MATTER.

The following articles are mailable at the rate of one cent for each ounce or fraction thereof: Blank cards, card-board, and other flexible material, flexible patterns, letter envelopes and letter paper without printing thereon, merchandise and samples of merchandise, models, ornamented paper, sample cards, samples of ores, metals, minerals, seeds, cuttings, bulbs, roots, scions, drawings, plans, designs, original paintings in oil or water colors, and any other matter not included in the first, second or third classes, and which is not in its form or nature liable to destroy, deface or otherwise damage the contents of the mail bag, or

harm the person of any one engaged in the postal service.

POSTAL CARDS.

The object of the postal card is to facilitate letter correspondence, and provide for the transmission through the mails, at a reduced rate of postage, of short communications, either printed or written in pencil or ink. They may, therefore, be used for orders, invitations, notices, receipts, acknowledgments, price lists, and other requirements of business and social life; and the matter desired to be conveyed may be either in writing or in print, or partially in both.

In using postal cards, be careful not to write or have anything printed on the side to be used for the address, except the address; also be careful not to paste, gum or attach anything to them. They are unmailable as postal cards when these suggestions are disregarded.

THE FOLLOWING ARTICLES ARE UNMAILABLE.

Packages containing liquids, poisons, glass, explosive chemicals, live animals, sharp pointed instruments, sugar or any other matter liable to deface or destroy the contents of the mail, or injure the person of any one connected with the service. All letters upon the envelope of which, or postal cards upon which, obscene, scurrilous, or abusive epithets have been written or printed, or disloyal devices printed or engraved, and letters and circulars concerning illegal lotteries, so-called gift concerts, or other similar enterprises offering prizes, or concerning schemes devised and intended to deceive and defraud the public. Also, all obscene, lewd, or lascivious books, phamphlets, pictures, papers, prints, or other publications of an indecent character.

FORWARDING LETTERS.

Letters may be forwarded without prepayment of postage, if forwarded without being taken from the Post Office, but if delivered to an authorized person (such as one to whose care they are directed), or hotel to whose care they are sent, having once been beyond the control of the Post Office Department, they are chargeable with postage on forwarding. Such re-directed letters are daily dropped in the letter boxes, and are, under instructions, forwarded to the Dead Letter Office.

LETTERS RETURNED TO WRITERS.

All letters unclaimed, upon which are indorsed the names and addresses of the writers, will be returned whether a specific *request* for such return is indorsed or not—provided the original postage has been prepaid according to law.

MONEY ORDERS

—THE—

Capital Aid Association

OF INDIANA

Offers to its members the most profitable, and at the same time most certain investment that can be made; upon the payment of a small sum this Association guarantees to its members the payment of $1,000 at the expiration of one year from the date of certificate. This is a puzzle which the Capital Aid Association of Indiana solves. It provides funds for the living. This association does not ask the investment of surplus funds, in order that one's heirs only, can reap the benefit, but pays promptly to the parties investing; of course, in case of death, the heirs receive the benefit. When its membership is in excess of three hundred and thirty-four all assessments will be pro-rated, hence you will readily see the advantages given you by this plan. We have but one class, which will give us a decided advantage on filling up fast, and of paying full in a short time.

In order to meet the current expenses of the Association each member will be required to pay the Association $3 as dues within three months from date of certificate.

Safety Fund Deposit.

Members are also required to pay the Association for the Safety Fund, $5 on each certificate (once only) within six months after date of same.

Upon each certificate becoming a claim, if this payment has not been made, $10 is deducted for the Safety Fund, as a compensation for the security afforded by members who have paid.

ADMISSION FEE,	$10.00
ANNUAL DUES,	$3.00
SAFETY FUND,	$5.00

While a large number of efficient agents are in the field, more agents are wanted, and all interested in realizing $1,000 in one year, invited to call upon

TO OUR CUSTOMERS—

GENTLEMEN: We have at all times a complete stock of BUILDING MATERIAL, and our machinery being the best and latest improved machines, we can manufacture anything in our line in short time and in a satisfactory manner.

All goods sold by us are of our own manufacture. Each order, small or large, receives in its manufacture very careful attention from skilled mechanics, and the lumber used is prepared by the closest attention from the time it is sawed from the log until it is put into the manufactured article. Doors have all tenons glued, Sash and Blinds both pinned and wedged.

To parties building without the assistance of an architcct, we will be pleased to help in any way we can, by advice, patterns and details for all kinds of finish, gable and veranda work, etc., etc.

Hoping to be allowed to furnish you an estimate of prices when you need them, we remain

Yours respectfully,

M. S. HUEY & SON.

SOLICITOR OF

American and Foreign Patents,

OFFICE: ROOM 18 HUBBARD BLOCK,

Corner Washington and Meridian Streets, - - *INDIANAPOLIS, IND.*

Inventors who desire Patents that will successfully pass the ordeal of a suit for infringement, without the expense and trouble of a reissue, will find my method of doing business suited to their wants. Old Patents thoroughly examined, and opinions as to their scope and validity carefully prepared. All kinds of assignments and agreements relating to Patents drawn in accordance with the most approved practice. Rejected and forfeited cases taken up and prosecuted to final results, and business generally, relating to Patents, given prompt attention. For all services only a reasonable compensation will be required, and clients can depend on full and honest opinions and advice regarding any matters concerning which they desire to be informed.

All business strictly confidential. Call or write for Terms. Reference furnished if desired.
